1. Onboarding

The Onboarding feature domain covers the complete user journey from first visit through authenticated platform usage. This includes authentication flows (sign up, sign in, sign out), profile completion, and navigation patterns across all platform areas.

KudosCourts follows a player-first approach where users can discover courts without authentication, but must sign in to make reservations. The onboarding experience is designed to be minimal-friction while ensuring users provide necessary contact information for bookings. Authenticated users land on a personalized `/home` page that serves as a central hub for quick actions and status updates.

US-00-01: User Authentication Flow

Status: Active

Story

As a **user**, I want to **sign up, sign in, and sign out** so that **I can access platform features like reservations and profile management**.

Acceptance Criteria

Sign Up (Email/Password)

- Given I am on `/register`
- When I submit a valid email and password (min 8 characters)
- Then my account is created and I see "Check your email for confirmation"

Sign Up (Magic Link)

- Given I am on `/magic-link`
- When I submit a valid email
- Then a magic link is sent and I see "Check your email for the login link"

Sign In

- Given I am on `/login` with valid credentials
- When I submit the form
- Then I am authenticated and redirected to `/home` (or `?redirect` param if present)

Sign Out

- Given I am authenticated
- When I click "Sign Out" in the user dropdown
- Then my session is cleared and I am redirected to `/`

Redirect Preservation

- Given I am on a protected page (e.g., `/courts/123/book/456`) as a guest
- When I am redirected to `/login`
- Then the original URL is preserved in `?redirect` param
- And after successful login I return to that page

Edge Cases

Scenario	Behavior
Invalid email format	Show validation error inline

Password too short (< 8 chars)	Show validation error inline
Email already registered	Show "Email already in use" error
Invalid credentials on login	Show "Invalid email or password" error
Expired magic link	Show "Link expired, request a new one" with retry CTA
Network error during auth	Show toast error with retry option

UI Components

Page	Route	Components
Login	`/login`	LoginForm, links to register/magic-link
Register	`/register`	RegisterForm, link to login
Magic Link	`/magic-link`	MagicLinkForm, link to login

US-00-02: User Completes Profile

Status: Active

Story

As a **user**, I want to **complete my profile with minimal information** so that **I can make reservations and optionally become a court owner**.

Acceptance Criteria

View Profile

- Given I am authenticated
- When I navigate to `/account/profile`
- Then I see my current profile information (display name, email, phone, avatar)

Update Profile

- Given I am on `/account/profile`
- When I update any field and click Save
- Then my profile is updated and I see a success toast

Profile Auto-Creation

- Given I am a new user with no profile
- When I first access `/account/profile` or `/home`
- Then a profile is automatically created for me (empty fields)

Minimum Required for Booking

- Given I try to book a court
- When my profile is missing display name AND (email AND phone)
- Then I am prompted to complete minimum fields before proceeding

Become Owner CTA

- Given I am on `/account/profile` and have no organization
- When I view the page
- Then I see a "Want to list your courts?" CTA section

Profile Fields

Field	Type	Required	Validation
Display Name	text	For booking	1-100 chars
Email	email	Either email or phone	Valid email format
Phone Number	tel	Either email or phone	Max 20 chars

2. Organization

The Organization feature domain covers the self-registration flow for users who want to become court owners. This enables any authenticated user to create an organization, which is a prerequisite for listing and managing courts on the platform.

Organizations represent court owners/operators in the multi-tenant system. Each organization can own multiple courts, and the organization profile provides public-facing business information.

Stories in this domain: 1 Active

US-01-01: Owner Registers Organization

Status: Active

Story

As a **user**, I want to **create an organization** so that **I can list and manage my pickleball courts on the platform**.

Acceptance Criteria

Access Onboarding

- Given I am authenticated and have no organization
- When I click the "Become a Court Owner" CTA on `/home` or `/account/profile`
- Then I navigate to `/owner/onboarding`

Create Organization

- Given I am on `/owner/onboarding`
- When I enter an organization name and submit
- Then an organization is created with auto-generated slug
- And I am redirected to `/owner`

Custom Slug

- Given I am on `/owner/onboarding`
- When I provide a custom slug
- Then the system validates it is unique
- And uses my custom slug if valid

Auto-Generated Slug

- Given I submit organization name "My Sports Complex"
- When no custom slug is provided
- Then the slug is generated as "my-sports-complex"

Slug Conflict

- Given the slug "my-courts" already exists
- When I try to use it
- Then the system appends a number: "my-courts-1"

Already Has Organization

- Given I already have an organization
- When I try to access `/owner/onboarding`
- Then I am redirected to `/owner`

Form Fields

Field	Type	Required	Validation

Organization Name	text	Yes	1-150 chars
Slug	text	No	Lowercase, alphanumeric, hyphens only, 1-100 chars

Post-Creation Flow

```
/owner/onboarding → [Create Organization] → /owner (Dashboard) → /owner/courts/new
```

API Endpoint

Endpoint	Method	Input	Output
`organization.create`	Mutation	`{ name, slug? }`	`{ organization, profile }`

3. Court Creation

The Court Creation feature domain enables two types of court listings:

Curated Courts - Created by platform administrators to populate the discovery experience before owners onboard. These are view-only listings with external contact information.

Owner Courts - Created by organization owners who want to accept reservations through KudosCourts. These courts are immediately reservable.

Stories in this domain: 2 Active

US-02-01: Admin Creates Curated Court

Status: Active

Story

As an **admin**, I want to **create a curated court listing** so that **players can discover courts before owners onboard the platform**.

Acceptance Criteria

Access Form
